Subject: Current La Palma Island status and WHY Washington DC and the MSM is so silent about it

First I will begin with the BRUTAL TRUTH of WHY Washington DC does not talk about La Palma Island and its danger to the East Coast of America:

- 1 Item 1: To be **BLUNT** the President Biden has stated his goal of having 70% of the USA “vaccinated” (with an experimental emergency use only drug). Based on the Data from the makers of the various forms of the “jab” juice, here are the expectations of the drug companies:
  - 1.1 Based on their own internal data and reports, it is expected that at least 90+ percent of the recipients of the drugs will be dead within 2 years.
  - 1.2 **AGAIN TO BE BLUNT THIS MEANS THAT JOE BIDEN HAS OPENLY DECLARED HIS GOAL TO KILL WITHIN 2 YEARS 70% OF THE USA POPULATION.** Currently there are 329 million people in the USA. 70% of 329 million is 230 million people.
  - 1.3 The pentagon has vowed to **FORCE VACCINATE** the entire military (who do not quit because of refusing the JAB.
  - 1.4 Given the La Palma Island situation and given the goals precisely told to us already, it is simple and easy to see why Main Stream Media and the Whitehouse and the pentagon totally refuse to discuss the La Palma situation and dangers.
  - 1.5 Even with the **SMALLEST** potential estimated size of of the **EXPECTED** Tsunami, the Tsunami will cover from Nova Scotia in Canada to Miami at the southern end of Florida. The **LOWEST** estimated day 1 death toll is expected to be at least 65 million people. ( It only takes simple logic to realize that an event like the La Palma Tsunami **WORKS IN THE FAVOR OF HIGHER DEATH COUNTS FASTER. THE OTHER DETAIL IS THAT BECAUSE OF UTILITY FAILURES THERE WILL BE MILLIONS MORE DYING BECAUSE OF LACK OF DRINKING WATER, LACK OF HEATING, AND WATERBORNE ILLNESSES.** )
  - 1.6 **I AM FULLY AWARE THAT PEOPLE WILL BE HORRIFIED BY THE TRUTH HOWEVER THE TRUTH IS THE TRUTH AND TRUTH CAN NEVER BE SILENCED !!! REMEMBER IF YOU REPENT AND ASK FOR THE PROTECTION OF JESUS YOU WILL HAVE ETERNAL PROTECTION AS WELL AS PROTECTION ON THIS EARTH.**

Now we will get down to the nuts and bolts of what is happening:

- 1 The surface volcano has the following basic behavior:
  - 1.1 In the last 24 hours it has only had about 100 earthquakes the largest of which is 4.8
  - 1.2 Even as it appears to be calming down there is a huge danger signal which is the ground lifted UP 10 cm (which is 3.93 inches). This is massive movement in such a short period of time. It is a positive indicator that the magma in the upper caldera is filling up more and preparing for a breakout which could be dramatic.
- 2 All the land shifting and the earthquakes on the on the western side of the island clearly show that a large piece of the western side of the island is in fact expected to drop into the ocean causing a tsunami wave that at the smallest size is expected to be 300 to 500 feet tall when it reaches the shoreline which frankly speaking means there is **NO WAY** to get out of the wave if you are on the ground gridlocked in a traffic jam of panicked people trying to get out of town as well.

- 3 The most sound advice is as follows:
  - 3.1 If you can then go on a month or 2 long vacation out of the area.
  - 3.2 Or prep your vehicle with a full tank of gas and food and your 'BUGOUT' STUFF. I say in the vehicle because from the time you find out from watching the LA PALMA action in real time you only have about 5 minutes to be out the door in your vehicle and off the side streets onto the main highway before other people catch on as well and jam the highway in panic grid lock. **DO NOT EVEN STOP TO MAKE AND DRINK COFFEE JUST GET OUT THE DOOR AND MOVING !!!!!**
- 4 **WHY DO I KEEP REPEATING THE WARNING ? SIMPLE FOR MOST PEOPLE THE CONCEPT OF A 300 TO 500 FOOT TALL WALL OF WATER IN THEIR TOWN SMASHING THEIR HOUSE IS JUST THE TYPE OF THING YOU SEE IN HOLLYWOOD FILMS OR ON TV BUT NOT IN YOUR TOWN. WELL WAKE UP BEFORE THE WALL OF WATER ARRIVES AND YOU SIMPLY BECOME ANOTHER DEATH STATISTIC.**
- 5 There is even more magma activity in the lower caldera which formed the Island. Currently the magma in the lower caldera is close to boiling (about 5,000 degrees F) because it is being heated from a molten carbon pool which is right below it and there is a small leak from the carbon pool to the lower caldera. This leak is what helps make the very dense black deadly plumes coming out of the upper caldera.
- 6 Additionally the Fallen Angels (based on an intercepted message) are pumping energy into the base of the stem where the island meets the ocean floor. Their stated goal is to cause the entire island to drop into the ocean and make an extinction level event occur on the Eastern part of the North American continent. An extinction level event is when the wave is so big and so powerful that it literally washes away buildings and trees and animals and people and what is left is bare ground totally contaminated with salt from the giant wave of salt water.
- 7 **BASED ON NON PUBLIC REPORTS WHICH HAVE BEEN GAGGED (NOT MADE PUBLIC) SEVERAL GROUPS OF GEOLOGISTS EXPECT MAJOR ACTION ON LA PALMA ISLAND IN THE NEXT FEW DAYS**
